ABOUT US -

Metforce understands that every project is unique and while the best quality is always expected, price is becoming more important.

Metforce will not sacrifice on cheaper materials so you can rest assured that all works are guaranteed to exceed the warranty period.

And all our critical components have been tested to AS standards, NCC and BCA codes using NATA accredited laboratories.

You won't find a better partner with such an extensive range in stock.

There are very few companies structured to handle almost any challenge.

With qualified Engineers, Draftsmen, TIG welders, Metallurgists, Glaziers, Fabricators and Polishers, Metforce are well placed to do the most challenging designs and installations of balustrades.

An honest days work at an honest price.

But don't just read about it -

Come in and have a look at our showroom and our facilities. See what we're about, and ask us for references.

LAYOUT AND DESIGN -

Let us help you in the layout and design of your balustrade. Planning is everything and as Balustrading is our specialty, let us assist you in this field.

We know what works, what's trending, lead times and what's economical.

Having been in this business for a long time and speaking to architects and builders all the time, we believe we can be of help to you.

Whether it's Multi-residential, Apartments, Schools, Government buildings, Sports grounds, Warehouses, Offices, Up-market homes, Regular homes, etc, we work in them.

YOU NAME IT, WE CAN DO IT!
